GREENE COUNTY DRY BY 3 TO 1; DEFEAT TAX AMENDMENT

Vote Cast For City Commissioners

	Precinct A	Precinct B	Precinct C	Precinct D	Precinct E	Precinct F	Precinct G	Precinct H	Total
Fisher	121	124	92	128	118	94	133	70	880
Dehaven	100	119	81	132	112	93	133	71	841
McKay	87	115	143	185	135	107	27	23	822
Sayre	78	83	113	144	119	80	16	22	655

Giving a majority of almost three to one, Greene county voted dry Tuesday, and at the same time defeated the classification measure in like ratio, and in a much closer fight voted for the two mill road levy.

In Xenia city, the voters returned a majority for both Harry M. Fisher and Dr. A. D. Dehaven, candidates for reelection for city commissioners, defeating S. M. McKay and H. L. Sayre, the citizens committee candidates. The city precincts also gave big majorities for the sewer bond issue of \$3,000 and the paving bond issue of \$15,000, to take care of increased paving and sanitary sewers in the city.

The school board race, with three candidates and only three to elect was tame, although Dr. H. R. Hawkins' name was written in enough times in the East End precincts, C and H, to put him well in the lead in those two precincts.

The township offices were filled quietly there being little contesting, except for the office of township treasurer for which Col. I. T. Cummings defeated Levi Rader. There were two justices of the peace to elect and only two running, J. E. Jones and J. H. McPherson being returned to these offices, while Harvey Elam was re-elected township clerk.

The vote on the prohibition amendment created the most interest in Greene County and ran parallel with the interest in Xenia city in the commissioner fight. Considering the heavy vote and the number of ballots, there being 11 ballots a hand, the returns were in early, all but a few precincts reporting to the board of elections before midnight, the rest of them coming in Wednesday morning.

WOMEN PICKETS THROW PEPPER IN SHERIFF'S EYES

Youngstown, O., Nov. 5.—The most severe rioting that has taken place in Youngstown steel strike broke out today when about 50 women pickets threw a mixture of cayenne pepper, red pepper, salt and mustard into the eyes of Sheriff Morris and his deputies as he attempted to break up a gathering of strikers at the Poland Avenue entrance of the Youngstown Sheet and Tube plant.

The women charged the deputies with various missiles and challenged the officers to shoot. "Shoot if you dare," and "you can stop us, we are American born women and go where we please," were the battle cries of the angry women as they fought. The women fought with teeth and nails and only after a rough battle were they subdued.

Twenty-eight prisoners were taken, and landed in the county jail.

PRESIDENT RECEIVES ELECTION RETURNS IN SICK CHAMBER

Washington, Nov. 5.—President Wilson's condition was so greatly improved that Dr. Grayson permitted his patient to receive the election returns in his sick chamber last night.

The returns were received at the telegraph room in the executive offices and were relayed by messenger to the sick room where they were read to Mr. Wilson by Mrs. Wilson and Dr. Grayson.

The president remained awake until a late hour hoping to get final results from his own state of New Jersey but when Dr. Grayson decided he had taxed his strength enough, the result in that state was still in doubt.

MAYOR RESIGNS OFFICE

Springfield, O., Nov. 5.—Announcement that he will resign was made by Mayor C. F. McGilvray, Republican, millionaire manufacturer today. The mayor's announcement is due to the election of John D. Frook and Henry Hill, Democrats, who defeated J. J. Hoppes, Republican, and J. C. Frasier, Democrat, as members of the city commission. The county went dry by 494.

ADVISER FOR INDIAN IS LEADING
FIGURE AT LABOR
CONFERENCE.

Bahman P. Wadia.

Bahman Pestonji Wadia, one of the most striking figures at the international labor conference now in session in Washington, is acting as adviser to the Government delegate from India. Wadia is head of the labor union movement in his ancient land, leader of the home rule activities and editor of two newspapers, both published in Madras City. For his political activities in his country he was jailed and served three months. His imprisonment, he believes, has helped bring self government to his nation. This is his first visit to America, coming here directly from England, where he spent four months giving exhaustive testimony regarding labor conditions in India to a parliamentary committee.

WILL DISPOSE OF PEACE TREATY WITHIN THE WEEK

Washington, Nov. 5.—The German peace treaty will be disposed of not later than the end of next week—November 15, next—Senator Watson of Indiana, and other Republican leaders of the senate confidently predicted today following a series of conferences held between them and Will H. Hays, the Republican national chairman.

Hays also expressed himself as "feeling sure" that a settlement of the long disputed question of ratification "was at last in sight."

"The Republican party and Republican senators have stood steadfastly for ratification with reservations," Hays added. "The country may rest assured that the senate's acceptance of the treaty will be coupled with adequate safeguards of American sovereignty."

ELECTION OFFICIALS QUOTE LAW AS THEY REFUSE STUDENT VOTE

The question of how the state election laws apply to the length of residence of voters in state and county was the subject of discussion when several students of Wilberforce University were refused a vote by officials at Xenia North precinct.

The law is very specific in the matter stating the voter must be a resident of the state a year, of the county for thirty days and of the township for twenty days, which leaves no other recourse to election officials excepting in case the students have established a permanent residence here.

The matter was handled in such questions by the officials at the voting place, who denied the right to vote here to students, who have not established their place of residence here and who claim other counties or states as their home.

Several of the voters appealed to the Board of Elections during the day but if the law applied to them as concerning the length of residence here, they found no recourse in the opinion of the board. In one or two cases investigation showed that the voter had established a permanent residence here, either by working or keeping his family here, in which case the voter was permitted to cast his ballot.

Entertain Bridal Party With Shower

A very enjoyable evening was spent by a company who were guests of Mr. and Mrs. H. I. McCoy and Miss Ruth Coy, entertaining for the pleasure of Mr. and Mrs. Raymond Coy (Daisy Lackey) who were recently married.

A surprise "shower" for the bridal pair, was an event of the evening, and they received many handsome gifts. Among the events planned for the evening was a peanut hunt, Raymond Lackey and Miss Maud Miller receiving the prizes. The house was decorated in Halloween fashion. Ginger bread, pumpkin pie, apples, mints and hot chocolate were served.

GOVERNMENT TO CONTINUE PROCEEDINGS WITH VIGOR

Legal Action Against Strike Leaders Will Be Furthered.

Washington, Nov. 5.—The government will not halt its legal proceedings against the leaders of the coal strike. Legal action against the strike leaders will continue while the strike lasts.

Judge C. B. Ames, of the department of justice, made this statement this morning in response to published statements from Samuel Gompers and John L. Lewis, that the strikers would arbitrate if the injunction proceedings brought by the government were vacated.

Judge Ames issued the following statement: "The strike is a violation of the law. As long as it continues we are going to proceed in the courts. The dispute between the mine owners and the workers is an entirely different question than that they can settle in their own way. The government cannot tolerate a continued violation of the law, such as this strike will constitute."

Washington, Nov. 5.—The fifth day of the great coal strike found official Washington apparently in doubt as to its status.

While officials expressed a belief that the strike was waning and some reports to the department of justice declared that miners were returning to their work, there was an air of doubt apparent today as to whether the strike would be made ineffective by the miners themselves returning to work.

The greatest hopes of the administration were expressed by Attorney General Palmer in a letter made public here in which he stated: "I apprehend that the miners, as law-abiding citizens, will discontinue the law."

Federal troops were asked today by coal operators of the Hazard coal fields in Kentucky. The operators, in a conference with Dr. Garfield, declared that the protection of troops was necessary for the operation of their mines, which are non-union mines. They stated that non-union miners would be intimidated by union miners from nearby fields unless protection was given.

Forty per cent more miners are at work in the Colorado mines today than there were yesterday, according to reports to the department of justice today.

The governmental dragnet for all agitators and "reds" is being laid, it was learned today. The department of justice has sent many agents into the coal fields and among other industries, is planning a general round up of all of those who are resorting to agitation to keep the miners and other workers aroused.

COURT UPHOLDS FINE AGAINST MILK CONCERN

Judge F. W. Geiger of Springfield, delivered a lengthy opinion when he upheld two \$100 fines imposed by Police Judge Golden C. Davis, against the Springfield Dairy Products company, of which the local company of the same name is a branch.

The fines had been imposed on a charge of selling unclean milk and for selling milk from which cream had been extracted without labeling it "skimmed milk." In delivering his opinion Judge Geiger said: "The public is more largely concerned in receiving milk which is in fact pure, and from which no cream has been removed, than it is in the success of a large business; which through successive years has acquired more and more a monopolistic control of the milk distribution in the city."

In saying this, Judge Geiger evidently referred to the mass of technical testimony which was offered at the trial in the lower court. "The public is not so much concerned in the high-sounding process of pasteurization, clarification, standardization and certification, as it is in receiving the pure, wholesome product of the herds."

"That the activities of this corporation have not been an unmitigated blessing to the people of this community will readily appear from the fact that since its extensive operations the price of milk has almost trebled and its quality as to richness has been kept dangerously near the mark where it would be branded by the state as adulterated."

LEAGUE MEETS IN PARIS.
Paris, Nov. 5.—The first meeting of the League of Nations will be held in Paris instead of Washington. It was decided today by the supreme council.

NOTED FRENCH AVIATRIX FLYING TO CUBA.

Mlle. Jane Herveux.

Mlle. Jane Herveux, noted French aviatrix and Merrill K. Riddick, formerly an aviator in the United States mail service, have planned to fly from New York to Havana, Cuba. Stops will be made at the larger cities and resorts along the route. The start will be made from Mineola Field, L. I., and it is planned to make the first stop at Trenton, N. J.

JUDGE SAYS 400 CIRCULATION NOT SUFFICIENT

A decision of state wide importance to newspaper publishers was rendered by Judge F. M. Cleveland, of Wilmington, today, making permanent the temporary injunction formerly allowed on the relation of James A. Chew, business manager of the Gazette and Republican, that it was illegal to publish the Auditor's Annual Financial Statement of Greene County in the Cedarville Herald.

The suit was brought by Mr. Chew against former County Auditor A. E. Faulkner, who awarded the contract for publication of the financial report to the Cedarville Herald, shortly before his recent retirement from office.

In rendering his decision, Judge Cleveland carefully reviewed the law, and evidence and allowed the injunction on two grounds; that the Cedarville Herald is not a newspaper of general circulation in the county, and sustaining section 6252 of the Revised Statutes, which provides that legal notices such as the one in question shall be published in two newspapers of opposite politics, at the county seat, when there be such.

Going into the evidence regarding circulation, of the Cedarville Herald, Judge Cleveland, says that Editor Bull admits that his newspaper has a circulation of but 401, and that 300 of these subscribers are located in the territory covered by the Cedarville post office. The term, "general circulation," says the court, must necessarily involve both the number of papers circulated and the territorial extent of the circulation. It is manifest, says the court, that the purpose behind such a law was to give the widest possible publicity to the public acts of county officials.

In his decision, Judge Cleveland says: "In respect to the newspaper in question, it has a circulation of 401 in a county of 80,000 population. Three-fourths of the circulation is confined to 3,000 of the population leaving 100 for the other 27,000. In fully one-half of the county's population and much more than one-half in area it is either wholly unrepresented or has but one or two papers in the township. In all fairness can a paper with such a circulation be said to come within the meaning of the statute. The court cannot think that such was the legislative intent."

Judge Cleveland mentioned as an incident of the trial that Editor Bull of the Cedarville Herald, and County Auditor Faulkner both admitted that it was understood when the contract was made that the report was to be published not only in his own paper, but also in the Jamestown and Yellow Springs papers. "It occurs to me," he said, that Mr. Bull is either very generous, or he realizes that his own paper falls short in point of circulation of what the law contemplated or he would not incur the expense of inserting the report in two other papers."

In the petition seeking the injunction, it was alleged that the Cedarville Herald is not a Republican newspaper. This point was the only one not sustained by the trial judge in his decision.

Attorneys F. L. Johnson and M. J. Hartley represented the Gazette and Republican.

"WHITE" FORCES DEFEATED.
London, Nov. 5.—Claim that the "white" forces in Russia have been driven back 67 miles was made in an official communique from the Bolshevik war office, received by wireless from Moscow today.

State Prohibition Wins By 40,000 Record Vote Cast

OHIO ELECTION IN A NUT SHELL.

Prohibition program carries by from 40,000 to 50,000. Classification amendment defeated by 100,000 or more. Wells score biggest gains in Cuyahoga county. Republicans show gains in mayoralty elections.

UNREST IS HOPE OF LABOR SAYS ITS PRESIDENT

Washington, Nov. 5.—Samuel Gompers declared today that industrial unrest in the hope of the laboring class as well as the race and that the injunction proceedings tying the hands of the miners officials was a "grave, grave mistake," creating a situation in which it is "very man for himself and the devil take the hindmost."

"The solution of the strike question is for both sides to enter into conferences, determined to put aside class prejudice, class hatred and strive earnestly to find the balance of justice."

"When the injunction proceedings were issued, the miners strike call was already out. The proceedings have made a condition in which striking miners are without leadership in their battle for justice, decent working hours and fair wages. From now on it is every man for himself and the devil take the hindmost. It was a grave mistake—a grave mistake."

MISSIONARY SOCIETY RAISES \$5,000 FOR FURTHERING WORK

Over \$5000 was raised for missions by the Women's Presbyterian Missionary Society of Xenia Presbytery of the United Presbyterian Church during the last year.

This was the report made by the treasurer at the annual convention of the society which was held Tuesday in Cedarville. This sum is the largest ever raised for that purpose in the history of the organization.

Mrs. George Moore of this city, who for 31 years has been treasurer of the Presbyterian Missionary Society, tendered her resignation as that official at Tuesday's meeting. In the more than three decades of her service, Mrs. Moore has seen the annual contributions for missions increase from less than \$500 to the large sum announced as the contribution for the last year.

Another notable feature of Monday's convention was the fact that the attendance of delegates, 135, was the greatest in the society's history. Miss Kate Hill, field secretary of the Women's Board made two excellent talks at the convention. In the afternoon she spoke on "Aims of the Local Society," and in the evening her topic was "The New World Movement."

New officers of the Presbyterian Society are: President Mrs. E. G. McKibben, Clifton; first vice president, Mrs. D. Dodds, Xenia; recording secretary, Mrs. Joseph Kyle, Xenia; corresponding secretary, Mrs. J. M. Bull, Springfield; treasurer, Miss Sarah Reed, Springfield; temperance secretary, Mrs. Mary L. Collins, Xenia; junior secretary, Miss Myrtle Lackey, Jamestown; Young Woman's secretary, Miss Olive Snyder, Sugar Creek; literature secretary, Mrs. T. K. Prugh, Sugar Creek; secretary woman's association work, Mrs. D. W. Logue, Springfield.

ELKS REDUCE PRICE OF MEALS TO 50C

Following a decision of the house committee of the Xenia Lodge of Elks the price of meals at the dining room has been reduced from 75 to 50 cents starting at once. This price is effective through the week with Sunday meals \$1.00 apiece.

With the new price announcement new cards giving the privilege of the dining hall to members of the lodge and their friends have been issued and all previous cards issued have been cancelled. The cards entitle one person and family to the dining privileges and each card is named or by the house committee before being issued and signed by the secretary W. E. Baxley.

Columbus, O., Nov. 5.—That Ohio rolled up another dry majority, probably in excess of 40,000 votes, and that the proposed classification taxation amendment to the state constitution was defeated by an opposing majority of probably more than 100,000 is apparent on the face of returns from over half of Ohio's 88 counties, available at Secretary of State Smith's office, this morning.

Secretary Smith expressed the expectation that the dry majority will reach 50,000. This expectation was based upon the fact that the election returns, outside about six wet counties, disclosed a practically universal trend to the dry side.

Election officials estimate that about 1,000,000 votes were cast in Ohio yesterday. This is regarded as a tremendous vote, in view of the fact no candidates for state office were involved. Election experts attributed the big vote to the intense interest prevailing among city voters in municipal campaigns and to the attraction that the prohibition and classification issues and good roads levies had for voters in the rural districts.

Disclosing dry gains, ranging from 5 to 25 votes, over last year, rural counties more than off-set the losses met by the drvs in the cities.

Only in Cuyahoga, Hamilton, Lucas, Mahoning and a few of the smaller counties, did the classificationists make a good showing, although the vote in Hamilton and Cuyahoga did not reach half the plurality that those in charge of the campaign for classification expected.

In all other parts of the state, it seems, the classification amendment was snowed under deep, the vote against it reaching three to one in numerous rural counties.

As a result of the downfall of the classification proposal, the state legislature, at its session here next month will be obliged to enact taxation measures based upon the present uniform rule of taxation.

It is said the legislature plans to pass an income tax measure and a graduated auto license tax law this winter.

O. E. BRADFUTE ADDRESSES NOON DINNER OF C. OF C.

In one of the most interesting addresses ever delivered before a Chamber of Commerce forum, Hon. O. E. Bradfute, who served on the labor committee of the Federal Industrial Conference as a selection of President Wilson, clearly and concisely explained the workings of that conference at the noon luncheon Wednesday.

Mr. Bradfute was introduced by Chairman M. J. Hartley, following an excellent chicken luncheon served by Mr. and Mrs. Jacob Kany. He began by referring to the Conference as a now dead body and said "funeral discourses are never very interesting."

The speaker said that it was his belief that the labor party first introduced the proposal to help settle the steel strike knowing that the matter would not be decided, and merely with the intent of breaking up the conference. When this was finally postponed, the labor delegates came forward with the "collective bargaining" proposal, a plan which provides that employees can organize in any organization they care to, and select a representative of their own choosing to present their requests to their employers. It was this apparently tame resolution that finally caused the breaking up of the conference.

Mr. Bradfute also gave a number of intimate and interesting personal sketches of different characters in the conference, and his address was most instructive and interesting.

SPARKS CAUSE BLAZE— LITTLE DAMAGE RESULTS

Sparks from the flue are believed to have caused a blaze of small proportions Wednesday morning at the home of Henry Evers on Home Ave. Two holes were burned in the roof. Workmen on the street extinguished the blaze by using a lawn hose before the fire department arrived.

HOLD MEMORIAL SERVICE.

Members of the Greene County Bar Association have been invited to attend a memorial to the late Federal Judge Howard Hollister, which is to be given by Federal District Judge of the Dayton District, next Monday afternoon. The service will take place in the United States court room at Dayton, at 2 o'clock.

ESCAPED PRISONER PUTS UP A BATTLE

Pearl Waugh, who recently escaped from the Xenia workhouse, was released Tuesday morning by Deputy Sheriff Minton and Special Officer Meaux at Springfield, but it was not

until the officers had a battle with him that he was finally overpowered. An affidavit was filed against him in the court of W. G. Campbell, charging assault and battery on Minton.

Recently Waugh was fined \$100 and costs and six months in the Xenia workhouse by Magistrate W. G. Campbell on a charge of assault and battery on George Ragling. Waugh will be brought to Xenia to serve out his sentence and will then be returned to Springfield to answer to the charge filed yesterday.

IF BACKACHEY OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out Kidneys—Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts; it folks who believe in overcoming kidney trouble while it is only trouble.

SANDRA THE JEALOUS

BY JANE PHELPS.

UNHAPPY CHAPTER CXI.

I returned to the nursery. "Mr. Graham insists that I apologize to you, Miss Lane. I do so to please him, not because I feel I am in the wrong."

Most second wives think they should rule," she returned calmly, her face without change of expression. I understood; she was getting even with me for my 'old maid'."

I paid no attention, but left the room, boiling with anger. "I'll get rid of her some way, she'll see if I don't!" I said to myself as I winked back the hot tears. I wouldn't cry if I did she might think I was crying because of what she had said. I'd not give her that satisfaction.

Just then Hotty brought in the mail. I was delighted when I saw Rose's bold chirography. At least I could forget that odious Miss Lane for a time. I had given up all idea of a walk.

"Dear Sandra," she commenced, "I am so miserable I must talk to someone, and there is no one here that I know well enough, and I also don't want to make mother unhappy by telling her. But I feel sometimes as if I should go mad! Walter goes out night after night. When I ask him where he has been, he refuses to answer, or else he lies. He isn't honorable, Sandra. Your husband was right. No woman ever could be happy as his wife. As a sweetheart, yes. Then he was all courtesy, all thought for my comfort, all seeming love toward me. Now he is so different.

"Do you think I have lost all pride to write you in this way, Sandra? I haven't! I would cut my arm off before I'd let the home folks know, and for goodness' sake, don't tell Mr. Graham. He is an honorable man, good and kind if he is so much older than you. Do you remember how I used to say you would be unhappy to be number two, to marry 'grandma'? And you are so comfortable now—or seemed to be when I was there. No one knows how much in love I was with Walter—or thought I was, which amounted to the same thing in my case. But I cannot feel that he is true to me. I try to get rid of that thought, but it is impossible for me to believe otherwise. He escorts women I do not know to restaurants and theaters. There may be nothing wrong in all this, but I cannot endure it much longer.

"We have moved from the hotel into our own home. I thought he might feel more responsibility as regarded me. But it gives him more license. If only I had listened to Mr. Graham. He was older, wiser than I. But we think we know it all, then pay the piper.

"This is an awfully blue letter to send off. Tear it up, Sandra, as soon as you have read it. I wanted you to know how unhappy I was so what ever happened you would understand. For after all we have been closer than other girls.

"I am going off in my looks, Sandra, horribly! Walter tells me so every day. I have cried so much—passed so many sleepless nights, that it is no wonder. I look ten years older than you do, and I used to look younger, and everyone said I was pretty. No one would dare accuse me of being pretty now. I no longer seem to have any interest in how I look, what I wear. Isn't it strange how a man can change a girl? If I thought Walter loved me, nothing would be too much trouble to do to please him. But now that I am convinced he does not, nothing seems to count.

"Write me soon, Sandra. But say nothing of what I have said. Walter might get hold of your letter—he seems to be jealous although he cares nothing for me. Remember me to your nice old husband and kiss that wonderful baby for me.

"Lovely, Rose."

"Poor Rose!" I said aloud, then a wave of crimson swept over my face as I thought that had it not been for Everett, I would have received Walter Kemp listened to what meant less than nothing to him—a philanthropist.

"I had a letter from Rose today," I said to Everett, when he came in. "She is rather blue. She asked to be remembered to you. I think she is lonely, off there, away from everyone, she knows," I added fearing I had not quite kept faith with Rose because I had said she was "blue."

"I am sorry for the child. Kemp is absolutely without honor as far as women are concerned. She wouldn't be warned, so now will have to make the best of things. Did you apologize to Miss Lane?"

"Yes."

"Be very careful not to offend her again. I desire very keenly to keep her for Junior."

NEW BISHOP INSTALLLED IN NEW YORK

Left to right: Bishop Kinsolving, Bishop Burch and Bishop Brent.

The photo was taken in the Cathedral of St. John the Divine on the occasion of the recent installation of the Right Rev. Dr. Charles Sumner Burch as Episcopal bishop of New York. Two prominent bishops present at the ceremony were Right Rev. Charles H. Brent of western New York and Bishop Kinsolving of Texas.

JAMESTOWN

Mrs. N. N. Hunter was hostess to the Advance Club on Monday afternoon. The subject, "American Art Galleries," Responses to roll call, Your Favorite Picture. Mrs. F. W. Ogan, "Museum of Fine Arts, Boston," Mrs. J. O. McDorman, "Corcoran Gallery, Washington," Mrs. R. C. Turnbull, "The Art Institute, Chicago." Music on the Victrola. The next hostess will be Mrs. Turnbull.

Mr. W. O. Custis, of Xenia, was in Jamestown on Friday, looking after his property interest here.

Mr. and Mrs. John Roberts and son Homer, were week end visitors in London, with their son Elmer Roberts, and family.

Levi Jenks has moved his fruit store into the room in the Wicksham block, vacated by the Peoples bank.

Mrs. Kate Huston, of Paulding, O., has been the guest this week of Mr. and Mrs. A. L. Smith.

Mrs. Nell Record, of Dayton, spent Sunday with her sister, Mrs. C. H. Benegar, and family.

Clint H. Benegar has secured another high class play "The Auction of Souls" which has not yet been shown in Greene county, but will be put on at the Jamestown opera house on Monday and Tuesday evenings, the 10th and 11th of this month. Those who saw the play in Cincinnati consider it far above the average and want to see it here again.

The members of the Red Cross Society will meet at the home of Dr. F. W. Ogan on Friday evening, the 7th, for the election of officers, after the routine of business is transacted.

Friends here of Miss Emma Blair, who had very serious trouble with one of her eyes, are glad to learn that she did not have to have the member removed as was first decided. Miss Blair has taught for a number of years at the Girls' Industrial School at Delaware.

The ladies of the Church of Christ have organized a Missionary Society to take the place of the C. W. B. M. with the following officers: President Mrs. J. A. Cargill; Vice President, Mrs. Braden Smith; Secretary, Mrs. W. W. Johnson; Treasurer, Mrs. Orin Glass.

Mr. Homer Smith has sold his property on West Xenia street to Mrs. Sanford Browder, who with her daughter Lola, will move from the farm to town in the early spring.

Miss Lucy Smith entertained the members of the W. S. E. Club with a masquerade party. The rooms were decorated with the Halloween colors, the proverbial black cat and pumpkin faces peering from every nook and corner. The candles were the only lights visible when the guests appeared which gave a weird and fantastic appearance with their glamour, delicious viands in keeping with the season which was served by the hostess. The evening was one of mirth and gaiety.

Mrs. L. A. Smith and her mother, Mrs. Martha Weed, have had for their guests, Mrs. Edwin Weed, of Dayton, for several days. Mr. Weed came over and spent Sunday with the family.

The continued down pour of rain on Friday evening almost spoiled the Halloween Carnival at Jamestown. A goodly number braved the elements to appear in grotesque costumes and otherwise. As far as possible the premiums were earned and awarded by the committee.

Mr. and Mrs. James Roberts had for their Sunday guests, Mr. and Mrs. James Finn and children, of Dayton, Mr. and Mrs. Okie Spahr and daughter Helen, and Charles Site, of Jamestown.

Roy J. Moorman, cashier of the Farmers' and Traders' Bank, has been appointed administrator of the estate of the late Eliza Christopher and has qualified by giving bond. The appraisers of the property are Dr. L. C. Walker, R. W. Zimmerman and A. G. Carpenter.

The Girls' Congress of the Jamestown high school most delightfully

entertained on Thursday evening in the auditorium of the school building, the members of the high school and a few other guests with a Halloween party. The decorations were composed of corn fodder, pumpkin faces and the senior and junior class colors. The amusement features were fortune telling, and an exhibition in one of the cloak rooms of Blue Beard's wife, the admittance fee being one penny. The Misses Edith St. John and Esther Turnbull told ghost stories in an ominous way. Refreshments were served during the evening.

**We harp on Value**

because it's the key-note of our entire Winter stock and not a lost chord that we pick out to talk about.

Certainly, our new Suits and Overcoats are stylish, well tailored and all wool—that goes without saying. Sure, they are made to fit well, hang smooth and wear long—that's only to be expected.

But on top of all these usual virtues they have an UNUSUAL VALUE—the old fashioned sort of square meal money's worth and not the kind that passes the finger bowl before the desert.

A NASTY COLD EASED AT ONCE

"Pape's Cold Compound" then breaks up a cold in a few hours

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

RUN DOWN SYSTEM IS SOON REBUILT BY NERV-WORTH

Thankful and Enthusiastic User States the Case Forcibly

Nerv-Worth is doing a most helpful work in bettering the health of sufferers in western Ohio and benefited folks continue to tell about it. This one put the case in writing and consented to publication:

Nerv-Worth Co.—I have found Nerv-Worth to be all that you claim for it. "a re-builder of run-down systems."

My digestion was very poor. Food soured in my stomach, causing me much distress. Was unable to get restful sleep and felt very badly. I have used some of your Nerv-Worth and it has benefited me greatly.

square between Evans Ave. and Fair street last night at Lincoln Building and received the estimated value of the property of those who were present. For some reason all of the property owners were not present. It is the purpose of the Board to purchase the eight properties in the square mentioned. If this or a part of it is to be used for building purposes it is not understood where the recreation grounds will be. Whether the eight or ten acres to be purchased off the Roberts estate will be used by all or whether other ground be purchased in the East End is a matter of question.

Mr. Oscar W. Price is here laying his plans for the organization of a Camp of American Woodmen. Rev. Ligeins and family left for their new home at Hilliards, Ohio, near Columbus. They shipped their household goods Tuesday. He is past

NEW BURLINGTON

Mr. and Mrs. Elmer Compton entertained a number of young people at their home north of town Wednesday evening of last week in honor of the twenty-first birthday of Mrs. Compton's brother, Everett Mendenhall. The affair was a complete surprise, the guests were all gathered at the Compton home when Mr. Mendenhall returned from Xenia where he had met his cousin, Miss Adella Emerick of Germantown. A number of delightful games had been prepar-

ed for the entertainment of the guests also refreshments were served. Amos Mills, Kirk Bailey and Miss Eva Bailey of near Kingman spent Sunday with Wm. Blair and family. Joseph Stiles, Mrs. Eunice Smith, son and daughter, Mrs. Helen Spald, and daughter, of Spring Valley, spent Sunday with Mrs. Mary A. Seammahorn. Mr. and Mrs. Joseph Grimes, of near Harveysburg have moved into their property in South Burlington. Mrs. Mary Miars spent Saturday and Sunday with her nephew, Mont Miars and family near Spring Valley. Mrs. A. H. Harlan is recovering

from her illness of last week.

Mrs. Silas Sinnard is spending several days with her brother and wife near Spring Valley.

Mrs. Laura Lackey of Xenia, is the guest of her son, Mr. and Mrs. Walter Lackey.

The Camp Supper and parade which was planned for Friday evening was called off on account of the rain and a masked social held at the M. S. annex instead.

THIEVES MAKE BIG HAUL OF JEWELS

Troy, Ohio, Nov. 4.—Word has reached Troy that Mrs. Mary J. Hayner, of this city was robbed of \$25,000 worth of jewels on her recent trip from Dayton to Washington.

It is reported that the thief secured the jewels from Mrs. Hayner while the latter occupied a section in a Pullman on the Pennsylvania line, somewhere between Dayton and Washington. The report of the robbery cannot be verified at present as the Hayner house on West Main street is closed only servants occupying it.

This is the heaviest loss that Mrs. Hayner has sustained at the hands of thieves. A few years ago while she was in the east local talent looted her residence, when they secured several hundred dollars' worth of jewels and other valuables.

TWO AIRMEN FALL 2,000 FEET IN PLANE

Canton, O., Nov. 4.—Earl Knight, aged 25, of Canton, and Benjamin Reisenweber, aged 25, of Buffalo, N. Y., fell 2,000 feet in an airplane at 5 o'clock last night. The machine fell on a car of scrap iron in the Pennsylvania yards and was completely wrecked. Reisenweber had both legs dislocated at the knees, and Knight was cut about the head and face and may be internally hurt. Both men are in Mercy Hospital.

Knight recently bought the airplane in Buffalo, and Reisenweber, who is a pilot, brought the machine to Canton, where they expected to fly commercially.

WEETLY SIMPLE DANCE FROCK FOR MISS DEBUTANTE

Simplicity was never so enchanting and bewitching as in this dainty dance frock for the young debutante. Orchid tulle clouds a foundation of rose satin. The rose tones are repeated in the long sprays of flowers which ornament the skirt and again in the parland which is worn so naively in the hair.

A Quinine That Does Not Affect Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. There is only one "Bromo Quinine." E. W. GROVE'S signature on the box, 30c.

OBITUARY

Margaret Chloe, daughter of Jacob and Elizabeth Smeltzer, was born at Washington C. H., Ohio, March 12, 1892, and departed this life Oct. 31, 1919, at her home in Xenia, aged 27 years, 7 mo. and 19 days.

She united with the Christian church at this place in 1906, during the ministry of W. H. Bowden. On the 23rd day of February, 1915, she was united in marriage to Earl T. Palmer. To this union twin children were born, Maynard and Mazie. Beside the husband and children, she leaves to mourn her loss a mother, Mrs. Elizabeth Smeltzer, and one sister, Mrs. Nina Epperson, of Dayton, and three brothers, Ira, of San Francisco, Homer, of St. Louis, Mo., and Herbert, of Dayton, the father and one brother having gone before.

To the writer of this little sketch was given the privilege to know Margaret as few knew her, having been an intimate friend of her's for about fifteen years. She was of a lovely disposition, a pleasant and helpful friend, a loving wife and an ideal mother. From the time she united with the church until her removal to Xenia, several years ago, she was a faithful member and worked with increasing devotion to the cause of her Master and many are better because of her christian influence.

Although her death was rather sudden, and came as a surprise to her family and many friends, Margaret had not been well for some time, but no word of complaint ever passed her lips. She submitted quietly to the will of her Heavenly Father. Our hearts go out in sympathy to this bereaved family from which this loved one has been taken, but "He, who doeth all things well," is ever present in time of sorrow and helps us as no one else can to bear our burdens and prepare ourselves to meet our loved ones again in that Heavenly Home, where "sorrow is no more."

We loved her, yes we loved her, But angles loved her more; And they have sweetly called her To yonder shining shore.

The golden gates were opened, A gentle voice said, "come," And with farewells unspoken She calmly entered home.

W. Fleming Watt Transfers to Chicago

W. Fleming Watt, who formerly operated the Xenia Creamery here, but who more recently has been connected with the Cincinnati Creamery Company of Cincinnati, has accepted a position as superintendent with the Beatrice Creamery Company of Chicago, Ill.

The Beatrice company is one of the largest creamery concerns in the middle west, doing business in fifteen states and operating fourteen large creameries from the Rocky Mountains to the Ohio Valley. The concern manufactures 30 million pounds of butter a year and is the largest distributing business of its kind in the world.

Mr. Watt's new company also operates commercial cold storage, wholesale eggs and other lines. Mr. Watt is a competent creamery man and his new position is well merited.

WOMEN AT WORK

During the war, millions of women have been at work in vocations into which they have never before been called—in Munition Factories, Chemical Works, Metal Works, Street Railways, and as Ambulance Drivers, Barbers, and Elevator Girls. Undoubtedly thousands of others have longed to serve in this way, but because of female ailments, which had fastened upon them, were not able to do so. Women in this condition should give Lydia E. Pinkham's Vegetable Compound a trial and find health and strength, as thousands of others have so done.

YELLOW SPRINGS ELECTS ENTIRELY NEW MUNICIPAL TICKET

In one of the most interesting local contests in the county, Yellow Springs elected an entirely new municipal ticket Tuesday.

Oliver Garlough is the new mayor, elected without opposition, and succeeding Thomas Donnelly. Harry Hackett was elected clerk, defeating Howard Kershner, who defeated S. W. Cox for township treasurer.

Belmer Hibben was elected marshal over Ed Carrille. Twelve men ran for the six places to be filled on the village council, and the following were elected: H. Dickman, O. E. Carr, Daniel Baker, Ford Kershner, Herman Coe, and J. A. Oster.

Charles Hughes and Paul Weiss were elected to membership in the board of education. Mr. Weiss' name was written in on the ticket. Women cast a heavy vote for school board.

Earl Littleton, who is now a member of the board, withdrew from the candidacy for re-election, and no candidate was placed on the ticket in his place. This vacancy on the ticket resulted in friends of Mr. Weiss writing his name on the ballot.

HOW AND WHEN TO TAKE ASPIRIN

First see that tablets you take are marked with the "Bayer Cross."

To get quick relief follow carefully the safe and proper directions in each unbroken package of "Bayer Tablets of Aspirin." This package is plainly stamped with the safety "Bayer Cross."

The "Bayer Cross" means the genuine, world-famous Aspirin, prescribed by physicians for over eighteen years. "Bayer Tablets of Aspirin" can be taken safely for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Neuritis, and Pain generally. Handy tin boxes of 2 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacturing of Monacaetacidester of Salicylic acid.

CARD OF THANKS.

We wish to extend our thanks to friends and neighbors for their kindness to us through the short illness and death of our beloved wife and mother.
E. T. Palmer and children.

LOCAL COAL DEALERS QUIET FEARS THAT XENIA MAY BE TROUBLED BY STRIKE; 90 DAYS SUPPLY HERE

There is no need for private consumers in Xenia to become panicky over the coal situation, local dealers said today.

"If the weather does not become very cold, I would say that there is enough coal in Xenia to take care of private consumers for ninety days," said the head of a well-known local firm today. Several of the dealers, however, are not delivering large orders, and are conserving their supplies by selling fuel only in small quantities.

The Ohio Soldiers' and Sailors Orphans' Home is also well supplied, Superintendent J. P. Elton saying today that a reserve sufficient to meet the demands of the institution for all purposes for three months is on hand.

The Xenia Water Company has a supply sufficient for only one week, Superintendent George R. Cooper said today. However, it is expected that the railroads will take care of the public utilities by allowing coal in transit to be delivered to them, and Mr. Cooper was confident today that this would be done.

Local factories are in fair condition.

W. C. Hallisy, production manager of The Hooven and Allison Company said that unless severe weather sets in his firm has enough coal to last 30 days. Without coal, the Ohio mill and the Xenia mill of this concern can be operated by electricity, but both these mills depend for heat upon the plant at the new mill, the machinery of which factory is operat-

ed by steam. Electricity Mr. Hallisy said, would be secured from the Dayton Power and Light Company. The L. and A. has considerable coal in transit, which as a result of the ruling stopping movements of coal, it is unable to obtain. The company encountered a peculiar circumstance in his connection a few days ago. A car of coal which had been delivered was standing on the company's siding. It was removed back to a side track on the railroad while repairs were being made on the siding on the H. and A. property. The order forbidding deliveries of loaded cars of coal came about that time and the company refused to set the car back on the siding. Requests to have this done were refused by company officials, and the company has filed a claim for the car with Director General of Railroads, Hines.

The R. A. Kelly Company operates its entire plant chiefly by electricity. It is in fair shape for coal for a number of weeks, it was given out yesterday.

The Dayton Power and Light Company which supplies Xenia, and many other small cities and towns with light and power has enough coal to last three months, E. H. Heathman, manager of the local branch of this concern said today.

The strike news carried in the newspapers has made local people somewhat panicky and dealers in coal have all been besieged with orders for the last few days. Many people who ordinarily buy only a ton or so at a time, are attempting to lay in larger supplies.

FIND MANY USES FOR PEAT

Warren Industry Gives Promise of Great Development in the Years to Come.

The output of peat in the United States last year far exceeded that of any preceding year and the general increase, which was stimulated by the war, was shared by practically all branches of the industry. Though extensively used as fuel in Europe and widely known in the United States as a potential source of heat and power, peat has been unable to compete with coal and many peat operators have directed their attention to the utilization of peat in agriculture with gratifying results.

Peat fertilizer was first marketed in commercial quantities in 1908 and stock-food peat in 1912, and though there is still some prejudice against its use the agricultural branch of the industry has been successful and the quantity of fertilizer and stock-food peat annually produced is increasing. Large quantities of these products were made last year, but the most striking development was the production of more peat in the New England States than has been manufactured in the entire United States in all preceding years. Almost equally striking was the widespread interest manifested in peat resources which had been generally regarded as of doubtful value.

Large quantities of peat or sphagnum moss were produced and utilized for stable litter, packing material, and surgical dressing, and several hundred thousand acres of peat soils were used for the growth of crops. The peat litter was produced by the owners of small bogs for their own use, but the packing material was sold to florists for \$25 a ton. According to J. W. Hotson of the Red Cross more than half a million peat pads were prepared in this country for that organization. Most of the moss was gathered by volunteers from bogs in Washington, Oregon and Maine, and the pads were used in military hospitals at home and abroad.

TOWNS NOT FATED TO LIVE

Communities East and West, Founded in High Hopes, Are Now Practically Things Forgotten.

Western papers tell their readers that the town of Emerson, Okla., is shortly to be a thing forgotten, remarks the Hartford Courant. It was mapped out as a town site shortly after the territory was opened for settlement, and the promoters had dreams of a metropolis. In 1907 the plan was abandoned, and now the district court has been asked to vacate the land for town site purposes, when what might have been a town will become farm land.

The story of Emerson suggests what came near happening to a Connecticut town in the beginnings of the colony. Those interested in it showed rare sense in their choice of a site, and in their dreams planned not for a town but for a city. Hampden and Cromwell were to be among its citizens; the cream of England, so its promoters hoped, were to become its citizens. Fate ordered otherwise, and the early days of this dream town are remembered now largely through Lion Gardiner's account of his struggle to hold the site against the attacks of the Indians.

Other states, notably the mining commonwealths of the West can duplicate the story from Oklahoma, but few can equal the romance of the Connecticut settlement.

Village Proud of War Record.

The little Norfolk village of Old Buckingham is proud of its war record. Its total male population between the ages of eighteen and fifty in 1914 was 264. Of that number no fewer than 170 served with the forces and 39 have given their lives for their country.

In their honor a memorial cross has been erected on the village green, an exact reproduction of the "cross of sacrifice" designed by Sir Reginald Bloomfield, R. A., for all British military cemeteries abroad. The total height from the ground line to the top of the cross is 24 feet 6 inches. It is built of stone and the names of those men of the village who fell in the war are inscribed in gold on the drum below the base of the cross.

The sacrifice of Old Buckingham is typical of every British village.

Long-Lived Superstition.

We wonder whether the Turkish prisoner who foretold the end of the war by means of the shoulder blade of a sheep had ever read "Giraldus Cambrensis' Itinerary Through Wales," made in the year 1188.

If so, he would have read in Chapter XI "that these people (the Flemings of Pembrokeshire), from the inspection of the right shoulders of rams which have been stripped of their flesh, and not roasted but boiled, can discover future events, or those which have passed and remained long unknown."

A footnote tells us that "this curious superstition is still preserved in a debased form among the descendants of the Flemish population of this district, where the young women practice a sort of divination with the blade bone of a shoulder of mutton to discover who will be their sweetheart."

Wait in Patience.
Don't get discouraged. There is hope for everyone and success ahead for those who are willing to patiently await triumph. It is safer and surer for you if you'll follow the precedent of older and wiser persons than yourself. They probably know through keen and humiliating experience.—Exchange.

Ill and Nervous.
Nurses dislike the season of thunderstorms. "We are not afraid of lightning ourselves," a nurse in a woman's hospital told me, "but it has a harmful effect on the patients. Most sick people fear lightning. In cases of extreme weakness or nervousness a dozen flashes of blinding lightning reduce the patient to a state of utter prostration."

Double Tongued.
Dorothy wished to tell her aunt about another little girl who lived a few doors away. It happened that the other little girl stuttered. As Dorothy didn't know her name and didn't know the word "stutter," she said: "Oh, auntie, you know the little girl that talks double."

SOLEMNIZE WEDDING OF LOCAL COUPLE

A beautiful wedding ceremony was read on Monday evening at the home of Mr. and Mrs. T. L. Ralls, West Church street, when Mr. Frank Jacobs and Miss Elsie Loraine Crawford, sister of Mrs. T. L. Ralls, were united in matrimony, in the presence of the families of the bride and groom. The couple stood before an altar of ferns and flowers, attended by the bridesmaid, Miss Virginia Ralls, who bore the ring. Rev. Albert Read, pastor of the First Baptist church, read the full wedding ritual.

Mr. and Mrs. Frank Jacobs left the same evening to spend their honeymoon in the city of Chicago and will return within ten days to make their home on West Church street. There were present: Mr. and Mrs. George Crawford, of Cincinnati; Mr. and Mrs. J. Jacobs, of Cincinnati; Mr. Ben Jacobs, of Cincinnati; Mr. and Mrs. E. McDonald and son Robert, of Cincinnati; Mr. and Mrs. T. L. Ralls and daughter Virginia.

After the serving of refreshments the bridal party departed amid the shower of rice as a hearty send-off.

HIGH SCHOOL NOTES

Good English week is being observed in the high school this week. This move is nation wide and is being supervised by the department of education in the different states. Miss Fowell, head of the English department, is in charge of the work in Central High. The purpose of the movement is to promote the use of better English. The abolishing of slang and vulgarisms is advocated. A number of the best artists in the school have drawn posters, illustrating the subject, which are being displayed in the library.

The campaign for good English was opened at an assembly Monday afternoon. Miss Haynes announced that a new organization had made its appearance under the name of the Freshmen Boy's Music Club. The club was then called on and sang "Your Flag and My Flag." Lois Purdon gave an original dramatization entitled "Young Knowledge Goes on a Journey." Supr. Waltz gave a short talk on good English and illustrated his point in a humorous and clever manner.

The senior class selected their commencement invitations at a meeting held Monday morning. A committee, Elizabeth Galloway, Margaret Ballantine, Thelma Planery, Imogene Mullin, Walker Taylor and Lawrence Riddell met with a representative of Harcourt & Co., Louisville, Ky., to look over their line but were unable to make a selection and Mary K. Dodds was called to cast the deciding vote. Two separate cards will be used, one bearing the invitation and the other the class roll. A reproduction of the class emblem on the cards and the class emblem on the dragon on the envelope, Japanese style lettering will also be used.

The Junior class are busy making arrangements for their entertainment to be held at the opera house, Friday, Nov. 7. Charles Crawford Gort "The Bird Man" will give an illustrated entertainment.

Too Much to Bear.

"Amelia," said old Mr. Binderton as he finished his dinner, "I'm going to ask you to do me a favor. I want you to give your young man, Mr.—Mr.—I forget his name—a message from me." Amelia blushed and looked down at her plate. "Tell him," her bluff old parent went on, "that I don't object to his staying here and running up my gas bill, but that I do object to his carrying the morning paper away with him when he leaves."

The Daily Newspaper

The Master Salesman

A Tribute to the Daily Newspaper

The power of the Press exceeds that of mighty armies in full panoply of war.

The Daily Newspaper lights the way for men and nations along the path of progress.

The Newspaper is a greater Educational Institution than all the colleges of Christendom.

Its doors are wide open to every man, woman and child who can read.

The Newspaper is the Bulwark of Liberty, the Flaming Sword of Justice.

It brings wrongdoers, without fear or favor, before the Supreme Court of Public Opinion, from whose verdict there is no appeal.

To an audience more vast than palatiers command, the Newspaper proclaims its great evangel.—The Brotherhood of Man.

Modern Civilization could not exist without the Daily Newspaper.

Second only in importance to its mission as a Disseminator of News is its work as a Builder of Business.

Its advertising columns are the Display Windows of Merchantise—eagerly scanned, from day to day, by the twenty million American homes.

Newspaper Advertising is the World's Master Salesman.

Great is the Daily Newspaper!
